

REPUBLIC'S DANGER LIES IN INACCURACY

So Says Prof. Albert Bushnell Hart of Harvard in Talk to Historians.

NEW YORK, Dec. 28.—"The pressing danger of the republic is inaccuracy," said Professor Albert Bushnell Hart of Harvard in addressing the convention of the American Historical and Economic Association today.

"Even historical scholars," he added, "are not without their fallings, their prejudices and their falsehoods."

Professor Hart declared that American history, on the controversial side, had been enriched by several distinct attempts to manufacture myths to order. The first of these might be called the Pilgrim fathers. He said that the Pilgrims were a band of old men and women who were pioneers in a spiritual cause and were pioneers in a spiritual cause and were pioneers in a spiritual cause.

A similar myth, he continued, caused the exaltation of the southern cavalier, who was a personage about as infrequent in Virginia as in New York.

TOO MUCH PROSPERITY TO GET CENSUS TAKERS

WASHINGTON, Dec. 28.—Applicants are not scrambling to obtain jobs as census enumerators, and Census Director Durand is considerably perturbed over the shortage of men willing to earn government money. The difficulty is in the west and south, and especially in the cities.

The job of census enumerator pays so much per name or per day, depending upon the locality in which the work is done, and averages about \$50 per enumerator for the entire time required.

In cities of over 2000 inhabitants, where population is congested and counting is over, the enumerator is required to finish his work in two weeks, but in cities under that size and in country districts, the month is allowed.

Director Durand explains the lack of applicants for census jobs only on the ground that there is no much general prosperity in the country that the government jobs are not wanted. The time for applications for these jobs ends on January 25, and Mr. Durand invites public-spirited and patriotic people to join in the census work.

BALLINGER-PINCHOT PROBING TO BE PUBLIC

WASHINGTON, Dec. 28.—The forthcoming congressional investigation of the matters involved in the Ballinger-Pinchot controversy was the subject of a conference today between President Taft and Representative Dalzell of Pennsylvania, one of the Republican leaders of the house.

Mr. Dalzell said after the interview that the investigation would unquestionably be carried forward by a joint committee composed of from five to seven members.

President Taft has agreed with the leaders of the senate and house that a joint investigation, open to the public, will be the best means of thoroughly dealing with the matter.

NEW YORK CITY IS CARRYING HEAVY BURDEN OF PUBLIC DEBT

NEW YORK, Dec. 28.—New York City's total net indebtedness for the fiscal year 1907 was more than seven times that of any other city in the United States and more than one-half of the total of the twenty-seven largest cities in the United States, as far as the census bureau. Of the total net indebtedness of the 155 cities of more than 50,000 population, New York City is credited with 23.2 per cent, the per capita being \$142.52. The other cities over \$100 were: Cincinnati, \$123.85; Boston, \$120.57; Cleveland, \$115.75; Pueblo, \$108.28; and New York, \$105.55.

VICTIM OF MURDERER IS STILL UNIDENTIFIED

KANSAS CITY, Dec. 28.—Although identified at different times as the body of John Whitehead of Carthage, Mo., and Harry McConnell of Grand Island, Neb., the remains of the slain man found in a brush pile near Kansas City, Kan., Sunday night lies unidentified tonight in a local morgue.

Whitehead's brother-in-law, Trellus Hendricks, who found the body, identified it as that of his relative.

Hendricks had never seen Whitehead, but he was confident of the identification on account of the resemblance of the dead man to a photograph of Whitehead in his possession.

Immediately following this the police began a lengthy cross-questioning of Hendricks and his wife. While the interrogation was in progress, it was learned that Whitehead was alive and well at his home.

PHILADELPHIA'S POOR PRINCIPAL SUFFERERS

PHILADELPHIA, Dec. 28.—With food products becoming scarcer and their prices consequently higher, with street railway traffic uncertain and slow, and with many railroad trains arriving late, Philadelphia is still busy raising the blockade caused by the great Christmas snowstorm. Only 25 per cent of the daily milk supply reached the city yesterday, and wholesale dealers estimated that today's supply was 25 per cent below normal.

Eggs, vegetables and other food products are scarcer than they were yesterday and prices have gone up all around.

AGED MAN WAITED TOO LONG TO BEG

Dies of Starvation While the Waiter Was Serving Meal He Had Requested.

NEW YORK, Dec. 28.—As Samuel Leberman was going over his accounts at the desk in his lunch room yesterday, he glanced up to see a forlorn and tattered old man, with white beard and hair, looking at him appealingly. He asked what was wanted. The visitor, who looked as if he might be 80, asked if he could have some coffee and bread, as he had not eaten in several days and felt he could not hold out much longer.

Leberman motioned him to a chair at the first table and told a waiter to bring some hot chicken soup and coffee. The old man mumbled his thanks, and as the waiter put the soup before him, uttered a cry, threw up his arms and fell backward on the floor. A physician was summoned and said the man died of starvation.

GATHERING DATA FOR BULLETIN ON SNOWFALL

A. H. Thiessen, section director in charge of the local United States weather bureau, and his force are engaged in gathering data for a snowfall bulletin, which will be issued about April 1, 1910. The bulletin will include the snowfall for the month of December of this year and for January, February and March of 1910.

A similar bulletin has been issued by the department in former years, but the one this year will be more complete than any previous bulletin. The issue this year will include a map, upon which the snowfall of the various districts will be shown.

DECLARES AMERICANS MUSICAL BARBARIANS

CHICAGO, Dec. 28.—"The American people are musical barbarians and the function of the American musician is to civilize the people."

This declaration by President A. W. Harris of Northwestern university was the keynote of the thirty-first annual convention of the Music Teachers' National association, which met here today.

"It is regrettable that music plays such a little part in the education of the people," said President Harris, "and it is a shame that college graduates know so little of the sublime works of music."

"A young man who goes into the world without having some idea and appreciation of music is poorly equipped for his life work, for he is forever barred from the uplifting qualities to be derived from great musical compositions."

"Education is too cold and it would be materially improved by the addition of musical studies to college courses."

CARNEGIE IMPROVING AFTER HIS BAD FALL

NEW YORK, Dec. 28.—While suffering considerable pain from a fall on the ice yesterday, Andrew Carnegie showed much improvement today and expects to be out again in a few days. He was taking his "constitutional" in Central Park when he slipped and injured his left knee.

Mr. Carnegie continues to improve. Tonight the pain in his knee had diminished greatly and he was in cheerful spirits.

As a preventive as well as curative medicine, Hood's Sarsaparilla is pre-eminent—its great merit is fully established.

Weak Over-worked Women

Who are broken down and made invalids by the drudgery of never ending household cares and duties, or by over-frequent bearing and nursing of children, and many other cares, burdens and strains which the weaker sex have to bear, are deserving of profound sympathy. But while sympathy is commendable what these unfortunate women most need is a good, honest, square-deal Restorative Tonic and Strength-giving Nervine and Regulator—one compounded and carefully adapted to act in harmony with woman's peculiar, delicate, ever sensitive organization.

Who so well fitted to select, carefully proportion the ingredients and compound a remedy for the cure of these distressing and often pain-wracking weaknesses and derangements, as the carefully and thoroughly educated and regularly graduated physician who has had a long and successful experience in treating just this class of cases.

Dr. Pierce's Favorite Prescription

THIS MEDICINE IS

THE ONE REMEDY Now, and for over 40 years, sold by druggists for Woman's Peculiar Weaknesses, and Distressing Ailments, gotten up by one having all of the above qualifications.

THE ONE REMEDY which absolutely contains neither alcohol (which to most Women is rank poison) nor injurious or habit-forming drugs.

THE ONE REMEDY which is so perfect in its composition and so good in its curative effects as to warrant its makers in printing its every ingredient, as they do, on its outside wrapper, verifying the same under solemn oath.

In all the above most important particulars, the "Favorite Prescription" stands absolutely alone—in a class all by itself—as woman's most reliable and trust-worthy remedy in time of sickness and distress. It is a pure glyceric extract made from American curative roots, found by long time experience most valuable in curing woman's weaknesses and derangements. The leaders in all schools of medical practice have endorsed each of its ingredients as of the best known remedies for the complicated affections for which it is recommended. These professional endorsements should count for far more than any number of lay testimonials. A booklet full of them sent free on receipt of name and address.

ENLARGEMENT OF OAKLEY CHURCH CONTEMPLATED

It is quite likely that the American Union church on Fifth North street, between Eleventh and Twelfth West streets, in Oakley addition, will have to be enlarged before long. This was indicated at the Christmas entertainment given in the church by the American Union Sunday school Monday afternoon.

This was the first entertainment of the kind by the American Union Sunday school and the house was crowded to its capacity. The afternoon was spent in recitations and songs for the most part. Miss Worral acted as accompanist for the latter. Mrs. H. J. Pitt contributed materials to the entertainment with her graphophone, after which refreshments were served. Each guest was given a small basket filled with candy, nuts and the like. The Sweet Candy company furnished the candy free of charge.

The following voluntarily assisted in making the entertainment a success: Mrs. J. Davidson, Mrs. W. Jones, Mrs. Pitts, Mrs. D. A. Everett, Mrs. W. S. Wilcox, Miss Gertrude Blinn, Miss Worral and Mr. Worral.

E-M-F COMPANY WINS

Will Market Its Own Output of Automobiles

In appointing agents we shall give preference to those dealers who have previously handled the E-M-F line. That's only fair—for this isn't the dealer's fight and he should not be made to suffer.
